विषय— हिन्दी  
प्रकरण— जल संरक्षण

शिक्षण उद्देश्य

विद्यार्थि जल संरक्षण के महत्व को समझेंगे और  
जल संरक्षण के प्रयासों से अवगत होंगे।

# मत करो मुझको बर्बाद

मत करो मुझको बर्बाद, इतना तो तुम रखो शायद,  
 मरने हो तुम रहे जाओगे, मेरे बिना न जी पाओगे,  
 अब तक बर्बादों का मेरे, तुम तमाशा देखोगे,  
 सफ़्ट मास्का जब तुम पर, तब मेरे बारे में सोचोगे,  
 संसार में रहने वालों की, मेरी जलता पकती है  
 मेरी बर्बादी के कारण, मेरी उम्र भी घटती है,  
 ऐसा न हो इस दिन में, इस दुनिया से चला जाऊँ  
 खत्म हो भाग खोल मेरा, लौट के फिर न तापना आऊँ,  
 पछताओगे - लौटोगे तुम, नहीं बनेंगी कोई बात  
 सोचो - समझो करी कैसा, अब तो ये है तुम्हो हाथ,  
 मेरे बिना इस दुनिया में, जीना सबका मुश्किल है,  
 अपनी गरी भावनाओं को सोचो, भावना भी इसमें शामिल है,  
 मुझे गूढ़ता कुछ सभी जीव, अपनी व्यास बुझाते हैं,  
 कभी मेरी पड़ गई अगर तब हर तपस्व मुझे पड़ जाते हैं,  
 सुनके ही बाजों बात मान लो, मेरी यही कहानी है,  
 जहाँ कैसा मिलकर आन, मत करो मुझको बर्बाद,  
 इतना तो तुम रखो शायद,

किसी भी  
 कभी - 3

मेरा नाम है जल,  
 पृथ्वी है मुझसे सबका कल।  
 मैं लोगों की प्यास बुझाता,  
 उनके लिए अमृत बन जाता।  
 नदियों में भी बहता जाता,  
 तालाबों में मैं लहराता।  
 खलिहानों में भी मैं जल दूँगा,  
 खेत भी हरा-भरा हो जाता।  
 कल-कल करके बहता जाता,  
 सभी जीवों में मेरा नाता।  
 भादवों से गिरकर मैं बस जाता,  
 सबके जीवन सुनिश्चिit करता।

हैं बिक रहा बाजार में जो था  
 कभी तालाब में  
 पानी है कितना कीमती जा  
 पूछ रंगिस्तान में

# **SUBJECT-MATHS**

## **TOPIC – PIE CHART/BAR GRAPH**

# TEACHING OF OBJECTIVES

**TO INCREASE THE  
KNOWLEDGE OF  
LEVEL OF  
RAINFALL.**

**STUDENT WILL BE  
ABLE TO KNOW  
ABOUT THE TOPIC  
PIE CHART /  
BARGRAPH . IT  
ENABLE THE  
STUDENT TO  
DEFINE THE  
MEASUREMENT  
OF LEVEL OF  
RAINFALL.**

# EXPECTED LEARNING OUTCOMES

STUDENTS WILL BE  
KNOW HOW TO  
DRAW A PIE CHART  
AND HOW TO  
ANALYSE THE RAINFALL .

UNDERSTAND THE  
IMPORTANCE OF PIE CHART  
AND BAR GRAPH

# Rain Water Harvesting

## MATHS Every Drop Counts

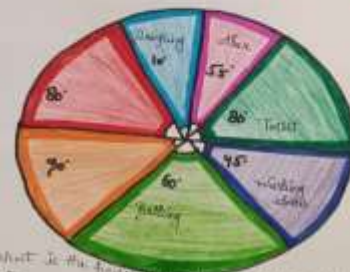

- Q1. What is the % of water used for drinking purpose?  
Ans. 10%
- Q2. In which section the water was less?  
Ans. For drinking purpose
- Q3. In which two section water was the same?  
Ans. Watering plants and for toilet use

Made by  
Sana  
Chauhan

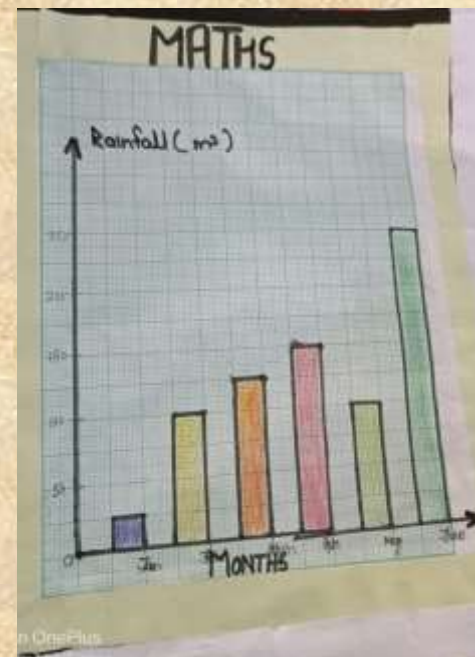

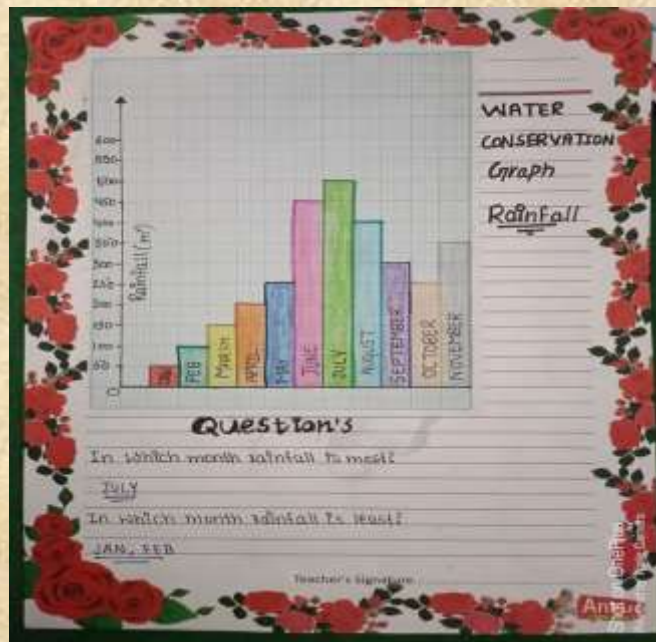

# Rain Water Harvesting

## Every Drop Counts

- Q1. What is the purpose of water used for drinking purpose?  
Ans. 10%
- Q2. In which section the water was less?  
Ans. For drinking purpose
- Q3. In which two section water was the same?  
Ans. For watering plants and for toilet use

# ***SUBJECT-SCIENCE***

- ▶ *TOPIC-WATER  
CONSERVATION .*
- ▶ *BEGINNING DATE-10 FEB  
2023*
- ▶ *ENDING DATE – 14 FEB 2023*

# ***TEACHING OBJECTIVES***

- ▶ To enable the student to have the knowledge about the topic water conservation .
  - ▶ Student will be able to define the importance of water conservation .
- 

# ***EXPACTED LEARNING OUTCOMES***

- 1. KNOW ABOUT WATER CONSERVATION .**
  - 2. UNDERSTAND THE IMPORTANCE OF WATER CONSERVATION .**
  - 3. STUDENTS WILL LEARN WHAT IS MOTIVE OF WATER CONSERVATION**
- 

***SUBJECT : ENGLISH***

**TOPIC :ARTICLE AND POSTER MAKING ON  
WATER CONSERVATION**

**BEGINNING DATE :10 Feb 2023**

**ENDING DATE: 14 Feb 2023**

# *TEACHING OBJECTIVES*

- To enable the students to have the knowledge about the topic of water conservation.
- Students will be able to define the need of water conservation and learn how water protects the ecosystem and wildlife.

# ***EXPECTED LEARNING OUTCOMES***

Students will be able to

- Know about the need of water conservation.
- Students will understand how to save water by conservation and enhance their knowledge about protection of water.
- They will learn the use of water wisely and with responsibility.

# *ENGLISH EXPERIENTIAL LEARNING*

- Students will be asked to make a poster with catchy slogan on water conservation and they will depict different ways how to conserve water.
- Through this poster and article students have learnt that need of water conservation is essential for human beings.

WATER is the precious gift from God on the earth. Life exists on the earth because of the availability of water. Being tasteless, odorless, and colorless, it adds taste, color, and nice smell to the life of living beings on the earth. It is found everywhere and known as life. It takes nothing from us but gives life to us. It has no shape but takes the shape of container we store. We find it everywhere in rivers, seas, tanks, wells, ponds etc, but we lack clean drinking water. Three-fourths of the earth is full of water; however, we need to conserve water as there is much less clean WATER.

# Article

Water is one of the four gifts that are freely available on planet's earth. We all want to look good, feel good, and live wealthy lives. But without water that's not possible. Water is the most important element on earth. Without water cover planets and animals would not be able to live.
